

EHR Go™ is the all new version of Neehr Perfect®. We are excited to partner with Cengage on the Lab Manual to accompany *Essentials of Health Information Management: Principles and Practices, Fourth Edition*. EHR Go is an electronic health record system designed for education. It is used for hands-on learning throughout the curriculum by all healthcare disciplines.

### Why EHR Go?

- Provides the most realistic experience for HIM students: Students can perform HIM functions ranging from EHR implementation to clinical decision support, data entry and analysis, billing, coding, and more.
- Can be used beyond the lab manual throughout your curriculum. One subscription provides students with access to EHR Go for any simultaneous course.
- Offers dozens of HIM activities mapped to CAHIIM competencies - available directly from EHR Go with a subscription.
- Includes over 300 patient charts ranging in complexity and type. Customization is easy.
- 100% web-based. Available on any browser with Mac, PC and tablets.

### Pricing

Faculty receive complimentary access to EHR Go. This includes ongoing curricular support, training, course development, and access to our 24/7 help desk.

Students use a subscription to access EHR Go. There are seven subscription options available and each is renewable:

Quarter (up to 12 weeks):	\$45
Semester (up to 16 weeks):	\$65
Academic Year (up to 40 weeks):	\$105
Annual (up to 12 months)	\$120
Extended (up to 18 months):	\$155
Two-Year (up to 24 months):	\$195
Three Year (up to 36 months):	\$285

Students can purchase online or arrangements can be made to offer the subscriptions through your bookstore. The school can also choose to purchase for the students.

### Next Steps

Please go to [ehrgo.com/Cengage](http://ehrgo.com/Cengage) to request more information, to schedule a demonstration, or to adopt EHR Go and get started now.
